So, I recognize you're amazing
I've known it since the day we met
Oh beautiful, you are my darling
But lately you can't stand yourself

Cause you've been hurt by the world
It's such a painful place to be
Oh but I still see beauty
So darling, don't you fear
I know you're not a hopeless case
And you were meant for more
This is a temporary stay
Don't believe you've gone to far
I'll love you just the same
So please don't run away

So, you're feeling pretty lonely
You are not who you thought you'd be
Well everybody needs forgiveness
Even sometimes from themselves

When you're hurt by the world
Such a painful place to be
Oh but I still see beauty
So darling, don't you fear
I know you're not a hopeless case
And you were meant for more
This is a temporary stay
And don't believe you've gone to far
I'll love you just the same
So please don't run away

You've been scared to face yourself at night
Telling everyone that you're just fine
Tell me what's the use in life if you can't be free

So darling, don't you fear
I know you're not a hopeless case
And you were meant for more
This is a temporary stay
And don't believe you've gone to far

I'll love you just the same
So please don't run away
