Song by Simon Says

I wish I could be silent
I wish I could turn my back on this
but you'd be right there waiting
waiting with your knife in hand
ready to cut the life from me
wouldn't that be so convenient
for you and me and all that seemed to be
your ship has come in now and all I wanna do is cry

you enjoy the attention
the feeling of self worth and the value it brings
the title that makes you so cool
that paint you use to disguise it
doesn't hide your ugly interior
and now I am right there waiting
for you and me and all that seemed to be
your ship has come in now and all I wanna do is cry

go and find your own life
get the hell away from me and just leave me alone
you will never find it
you always wanted to be the one doing it on your
own

taking all your life away
taking all your life away
stripping all your life away

cannot stand the sight of, the sight of you
and all the lies, all the lies you tell to accept
yourself
and you dress yourself in all the styles
hoping find someone as blind as you

go and find your own life
get the hell away from me and just leave me alone
you will never find it
you always wanted to be the one doing it on your

own own own
