Every time we talked I knew that you were the one for  
me  
But days away make me forget  
Your face like lost keys to a closed door  
Now my throat's sore, my eyes are dry  
All tears gone from me missing you  
I fall asleep, holding my pillow  
And wonder if you thought about me tonight

I don't want for you to think,  
I'm just going to let you walk away  
See, the heaven's gates are closing in  
Now my arms are opening  
To the thought of just having you  
Walking up these stairs to my room  
Now there's nothing better than playing this song  
And having you listen to me tonight

Baby if you only knew me better than you might  
Be sitting here holding my hand so tight  
"Never let me go," are the words that I said to you  
When you looked at me and smiled and said you knew  
You know that I'm a sucker for  
You know that I'm a sucker for  
You know that I'm a sucker for  
You know

Pass the cards  
Now I'm betting your arm and your leg  
That things won't be the same without you  
With me in your life tonight  
Remember when I told you  
That you looked so pretty to me, baby  
Forgot our clothes  
But you know that's just the way we roll

Baby if you only knew me better than you might  
Be sitting here holding my hand so tight  
"Never let me go," are the words that I said to you  
When you looked at me and smiled and said you knew  
You know that I'm a sucker for

You know that I'm a sucker for  
You know that I'm a sucker for  
You know

I don't want to fight this fight tonight  
Just another Buffalo Night Life  
I don't want to fight this fight tonight  
Just another Buffalo Night Life

You know that I'm a sucker for (x3)

(You.....)  
You know that I'm a sucker for (x7)

You
