Try, you try to get to know me
But the one you want I won't be
I'm half the man that you think that I have been

My, my words are full of nothing
Still you search for something
In the moments that I've probably forgotten

Inside there's someone you don't want to know

I don't think that you want to be a part of me
I don't think you want to see the deeper darker side of
me
I don't think that you're ready for reality
I don't think you want to see the deeper darker side of
me

Walk away

I, find a sense of satisfaction
In a one night stand of passion
I'm half the man that you think that I have been

Inside there's someone you don't want to know

I don't think that you want to be a part of me
I don't think you want to see the deeper darker side of
me
I don't think that you're ready for reality
I don't think you want to see the deeper darker side of
me

Walk away, can you trust me?
Walk away, I'm empty
Walk away, 'cause I might still be here living hollow
Might be living hollow, might be

I don't think that you want to be a part of me
I don't think you want to see the deeper darker side of
me
I don't think that you're ready for reality

I don't think you want to see the deeper darker side of
me

Walk away, can you trust me?
Walk away, I'm empty
Walk away, 'cause I might still be here living hollow
Might be living hollow, might be
