Always a larkspur
No rest for my heart
x2

Pulled its hands from the earth
Pulled its hand from the earth

Always a larkspur
No rest for my heart
x2

Pulled its hand from the earth
Pulled its hand from the earth

Always a larkspur
No rest for my heart
x2

Something got a hold of me, baby
Something got a hold of me

Always a larkspur
No rest for my heart
x2

Pulled its hand from the earth
I pulled its hand from the earth
x2

Something got a hold on me
Know that something got a hold of me x11
Feel that something got a hold on me x5
And the sky lit up x5
