[Intro (during Hook):] - Eminem

Yeah, it's been a ride

I guess I had to, go to that place, to get to this one

Now some of you, might still be in that place

If you're trying to get out, just follow me

I'll get you there

RAP VERSE 1 - GERARD

You can never get me down ,don't wasting your time  
dissin'

But trying to break me down in my back will get u  
missin'

Messing and pissing me off will end up in my ass  
kissin'

I ain't hissin' ,dismissin' y'all as once I was wishing  
Interesting how fucking haters are feeding me right  
now

Even when it is rotten, but I swallow it like 'OH WOW'  
Chewing and sending down ,ruminating it like a cow  
Spitting now like the snake ,can't slow down the flow  
now

Bow down fucking haters , let me be the fucking king  
I'm soaring up so high with one-hundred thousand  
wings

Cutting all the flanks not gonna stop me from rap and  
sing

I'll swing ,ping,then come down and become the  
Ostrich thing

Stings like a bee, it's the revenge but I don't give a fuck  
Haters gonna hate, they're nothing but freakin'  
schmoes and schmucks

I'm Bruce mess up with me, watch me transforming to  
a hulk

No wack ,this track destroyin' you all hating punks.

[Hook:]-Eminem

I'm not afraid (I'm not afraid)

To take a stand (to take a stand)

Everybody (everybody)

Come take my hand (come take my hand)

We'll walk this road together, through the storm  
Whatever weather, cold or warm  
Just letting you know that, you're not alone  
Holla! if you feel like you've been down the same road  
(same road)

#### BRIDGE 1 - GERARD

I don't give a damn if u worshiped filthy demons and  
fell into his fucking trap  
You yap,slap,zap and wrap these fiends with holy  
cross,  
Sparkling souls trapped,renowned,  
monsters noticing and you've gotten mapped.

#### RAP VERSE 2 - GERARD

And to the motherfucking Lucifer,you'll never ever  
gonna rule this world  
Even if it happens,that ain't lasting ,wrath of Christ  
'bout to unfurl  
I'm becoming bold,there will be no order to New World,  
You'll get swirled ,twirled and whirled,  
watching demonic faces make me hurled  
What u gonna do ,if I reveal all of yours' ugly fangs  
I ain't scared of getting shot 'BOOM BOOM BANG'  
Your members of the gang,deserve all these vulgar  
slang  
Understand the prophecies before you got pang,  
whanged,exorcised and got hanged

Fuck off and stop abashing God's holy trinity  
There is no divinity,stop wasting your time reaching  
infinity  
Fuck you Illuminati for ruining the peeps' sanity  
Y'all will get ripped by mighty sword,  
if you guys fall into Michael's vicinity

[Hook:]-Eminem

I'm not afraid (I'm not afraid)  
To take a stand (to take a stand)  
Everybody (everybody)  
Come take my hand (come take my hand)  
We'll walk this road together, through the storm  
Whatever weather, cold or warm  
Just letting you know that, you're not alone  
Holla! if you feel like you've been down the same road  
(same road)

#### BRIDGE 2 - GERARD

This is the war between good and evil  
Wake up and start retrieval  
Stand up, and cause upheaval

Cut yourself free, not gonna buckle down  
I see this fucking haters payin' and getting back down  
Don't let anyone frown, you're a King with crown,  
make your haters' ship break and wreck and get drown.

#### BRIDGE 3 - GERARD

I see glory in my vision, no more kidding,  
It's time to get recognition,  
Division amid haters brings you out great transition  
Rap emission is not lame, suits for precise, perfect  
ignition,  
Makin' and dropping atom bombs, this is hip-hop  
ammunition

#### RAP VERSE 3 - GERARD

Losing mind in the flow, now fuck it,  
this is the diss to all the racist souls  
Discriminating based on the color, nation, embarrassing  
the music world  
Letting the white guy to rap gives us the best rapper, I  
ain't a troll  
Extol, don't be jelly. Encourage and bring up,  
wherever these great talents roll  
Rockets soar, but don't launch it in bad weather to reach  
your goal  
Wait for the right time and conditions for your rap  
ball to bowl, this is your spot to stole,  
I'm a black hole, pulling everyone including my haters  
, they need to change, that's the mission I know, but this  
is my destiny yo  
You're on your own, no spoon-feeding anymore,  
but never forget the words, keep reminiscing what  
you've heard  
I'll put up my middle finger for the judgement of my  
critics herd, cause I purged my mind, having no  
fear, that's why I'm saying,

#### [Hook:] - Eminem

I'm not afraid (I'm not afraid)  
To take a stand (to take a stand)  
Everybody (everybody)  
Come take my hand (come take my hand)  
We'll walk this road together, through the storm  
Whatever weather, cold or warm  
Just letting you know that, you're not alone  
Holla! if you feel like you've been down the same road

(same road)
