can't help but think of you / when i can't sit still  
/ caught up in cancerous thoughts / all the same /  
in everything, endeavor you do / you never know what  
to say / you can't help it,  
oh / you're never happy, no / you're never happy /  
you say you never know what to do / you can't help  
what you say / follows your forte,  
oh / you're never happy, no / you're never happy

understated want / recolled and trembling / inside  
you're sixteen wheels / and growing,  
growing / in everything, endeavor you do / you never  
know what to say / you can't help it,  
oh / you're never happy, no / you're never happy /  
you say you never know what to do / you can't help  
what you say / follows your forte,  
oh / you're never happy, no / you're never happy,  
no / you're never happy, no / you're never happy
