So you learn that patience speaks
again, so well another language,
The path you've chosen hides away your
pleasures are forbidden
You get your grip and face the factor
the truth and you see,
The words you have will carry out,
Another message speaks

I will find a way
Stop and hear me speak

I will walk my way, lay you down to sleep
let the past times go
I will contradict you
I will walk my way, lay you down to sleep
Let the fury flow
I will contradict your fame

Bang!

To knock the trance with your will, your still
Like nothing matters to you
an ounce of pressure based on nothing
Hits you out of nowhere
To say the plan
so to speak,
Begin attack upon your dreams
The picture drifts frustration chars
your insides boiling over

I will find a way
Stop and hear me speak

I will walk my way, lay you down to sleep
let the past times go
I will contradict you
I will walk my way, lay you down to sleep
Let the fury flow
I will contradict your fame

Fame, Fame, Fame.

Not trying to be just like another man,
I'll never be just like another man
Not trying to see just like another man
I'll never see just like another man
Not trying to speak just like another man
I'll never speak just like another man
Not trying to bleed just like another man
I'll never bleed just like another man

So you learn that patience speaks
again, so well another language,
The path you've chosen hides away your
pleasures are forbidden
You get your grip and face the factor
the truth and you see,
The words you have will carry out,
Another message speaks

I will find a way
Stop and hear me speak

I will walk my way, lay you down to sleep
let the past times go
I will contradict you
I will walk my way, lay you down to sleep
Let the fury flow
I will contradict your fame
