Ahm, hey! ahm, hey! issues! ahm, hey!  
Ahm, hey! ahm, hey! issues! ahm, hey!

Ahm, hey! issues! ahm, hey! issues!

I've got some, i've got some, i've got some, i've got  
some, oouw  
Hey, hey, hey hey hey

Do you wonder what you mean to be  
I can try to find your destiny  
Every day i'm not that strong coz in my mind  
I can stop to fight and run away to high  
There are some things about ourself that i must face  
And we can do it in all the time and place  
Thought yourself, i need to say, i need to find  
How many dear, how that hurt i feel inside

I've got some issues, in my life, oh my mind  
I've got some questions, is it worng? is it right?  
I need some answers', can you show the light  
I've got some issues, yeah yeah yeah yeah  
Issues, in my life, oh my mind  
I've got some questions. is it wrong? is it right?  
I need some answers, can you show me the light  
I've got some issues, yeah yeah yeah yeah

Hey! issues... hey! issues... hey! issues  
You need to face the truth...  
You need to face the truth...

I don't know you guess the way my feels  
There is someone that's always standin' here  
We must except the fact that we are not the same  
There are things about us so that we can change  
Talk in tribulation, that will make we strong  
I can't carry on  
So look inside your heart this time, and you will see

I've got some issues, in my life, oh my mind  
I've got some questions, is it worng? is it right?

I need some answers', can you show the light  
I've got some issues, yeah yeah yeah yeah  
Issues, in my life, oh my mind  
I've got some questions. is it wrong? is it right?  
I need some answers, can you show me the light  
I've got some issues, yeah yeah yeah yeah

I've got some, i've got some, i've got some, i've got  
some, oouw  
I've got some, i've got some, i've got some, i've got  
some, oouw  
I've got some, i've got some, i've got some, i've got  
some, oouw  
Hey, hey, hey hey hey  
You need a pleasure too...  
You need a pleasure too...

I wanna talk about something every body got  
I don't care if you're black, you're wite  
Rich, poor, you got issues

Issues, oouw... issues, oouw... issues, oouw...  
Issues... issues... issues... issues... issues...  
Oouw... oouw... oouw...  
Hey! issues... hey! issues... hey! issues
