ooh ooh do do do do do
well on journey,
journey with the Savior
I took the notion to
turned and walk another way
forgetting to watch and pray
the grass was greener, greener I imagine
and so I wondered
out across the sands of time
far frm my Savior's side
and then I grew further in the desert sun
for living water, I discovered none
that I cried out to the Holy one
and there He was
my oasis, my serene in the desert
oasis, my well in the thirsty land
at the point of desperation,
He became my destination
oasis
my oasis, my haven for resting
oasis, and I'll never thirst again
my source for restoration
my water in dry places
oasis
oasis
safe in the shelter, shelter of his presence
I'll rest assuring
knowing there's no other way
than walking close to you day by day
now I will follow
follow where he leads me
out of the desert, all the way to paradise
I'm gonna follow Him day and night
and even when I need Him every way,
I nearly perish him if He don't forgave
He'll run to me when I'll call his name
and you'll forgive me, whoo
my oasis, my serene in the desert
oasis, my well in a thirsty land
at the point of desperation,
He became my destination

oasis
my oasis, my haven for resting
oasis, and I'll never thirst again
my source for restoration
my water in dry places
oasis
oasis
you're my living water
oasis
oh oh...
