I would worry in my troubles  
I would fear no foe  
when I'm feeling so discouraged,  
I will sing for joy  
I'm not worried about tomorrow's  
rough and stormy seas  
though my past has been a failure  
I have victory  
first secure and not forsaken  
cast down, but not destroyed, oh  
for when I'm weak,  
that's when I'm strong (when I'm strong)  
and when I'm lost,  
that's where I belong  
I'm not worried about tomorrow's  
rough and stormy seas  
though my future seems uncertain  
I have victory  
on the outside, I may perish  
though all is well within my soul, ohh  
for when I'm weak,  
that's when I'm strong  
(when I'm strong, when I'm strong)  
and when I'm lost,  
that's where I belong  
safe in your arms, Lord  
that's where I belong  
I'm here in your arms, Lord  
that's where I belong, ooh ooh  
(I'm not worried about tomorrow's)  
(rough and stormy seas)  
do do do do, do do do ooh  
(I have victory)
