Waitin' for the time when
I'll be near you
So close in your
In our drown
Don't make a sound

Waitin' for the time when
I'll be near you
So close in your
In our drown
Don't make a sound

Waitin' for the song cos'
I don't want to break you
Won't kiss
In your in my drown
I feel you, come on

Bring me under round
Through the day is on the emotion
Painted colors
Our red guittar
You're younger then you are

Waitin' for the time when
I'll be near you
So close in your
In our drown
Don't make a sound

Waitin' for the time when
I'll be near you
So close in your
In our drown
Don't make a sound
