This is wrong
I should be gone
Yet here we lay
'Cause I can't stay away

Roses bloom
In your dirty room
I come to play
'Cause I can't stay away
No I can't stay away-ay

I'm conflicted
I inhale now I'm addicted
To this place
To you babe
I can't stay away
Can't stay away
We get up, we go down
Then we go one more round
It's wrong, they say
I can't stay a- I can't stay away
No I can't stay a- I can't stay away

I was numb
For you I come
Night and day
And I can't stay away
No I can't stay away

I'm conflicted
I inhale now I'm addicted
To this place
To you babe
I can't stay away
Can't stay away
We get up, we go down
Then we go one more round
It's wrong, they say
I can't stay a- I can't stay away
No I can't stay a- I can't stay away

I wish I could
Leave and never return
Baby, I know I should
But for you I'd burn

Stay away
'Cause I can't stay away-ay

I'm conflicted
I inhale now I'm addicted
To this place
To you babe
I can't stay away
Can't stay away
We get up, we go down
Then we go one more round
It's wrong, they say
I can't stay a- I can't stay away
No I can't stay a- I can't stay away

I can't stay away
I can't stay away
I can't stay away
I can't stay away
