I kept my mouth shut1 from the start,
I guess I left you in the dark.
You thought you knew me, but you don't,
You say you'll love me, but you won't,
When you find out who I am.
I kept my mouth shut for too long.
All this time you got me wrong.
Now we're in this way too far,
I'm about to break your heart,
Tear everything we had apart.

'Cause I'm feeling lost
When I'm in your arms.
The reasons are gone
For why I was holding on to you.
I tried so hard
To be the one.
I don't like who I've becomeâ€¦

Won't keep my mouth shut anymore,
I've had my share of closing doors,
Now I know I'm not afraid.
I know exactly what you'll say,
But, I'm sorry, it's too late.

'Cause I'm feeling lost
When I'm in your arms
The reasons are gone
For why I was holding on to you
I tried so hard
To be the one
I don't like who I've becomeâ€¦

I kept inside of me for all this time.

Thought that I could make it work
If I just tried.

But I'm sorry to admit that I have lived a lie.

'Cause I'm feeling lost

When I'm in your arms
The reasons are gone
For why I was holding on to you
I tried so hard
To be the one
I don't like who I've becomeâ€¦

I kept my mouth shut for too long,
Now I know that it was wrong.

I wish I told you from the start
That this was never meant to last.
We should've never gone this far,
Won't keep my mouth shut anymoreâ€¦
