We got the same friends,
We're gonna have to see each other eventually.
So won't you tell me how we're gonna deal with that?
My CD's are at your place
And you know I'm gonna have to pick 'em up.
So won't you tell me how we're gonna deal with that?

Even though it was mutual,
It still kills inside,
'Cause for so long, how I've been defined.

It feels just like I'm going crazy,
I guess that this is breaking up,
And now not even you can save me.
Will someone wake me up?
Someone wake me up!
Never thought that we'd go under
I guess we won't be making up
And if this is a dream I wonder,
Could someone wake me up?
Someone wake me up!

I still have your old shirt,
You know the one I said I'd thrown away?
I put it on when I went to bed last night.
Baby, is this where our story ends
When I turn out the light
Fantasy and reality fight?

It feels just like I'm going crazy,
I guess that this is breaking up,
And now not even you can save me.
Will someone wake me up?
Someone wake me up!
Never thought that we'd go under
I guess we won't be making up
And if this is a dream I wonder,
Could someone wake me up?
Someone wake me up!

Someone wake me up!

Even though it was mutual,
It still kills inside,
'Cause for so long, how I've been defined.

It feels just like I'm going crazy,
I guess that this is breaking up,
And now not even you can save me.
Will someone wake me up?
Someone wake me up!
Never thought that we'd go under
I guess we won't be making up
And if this is a dream I wonder,
Could someone wake me up?
Someone wake me up!

Oh, baby you were my first time,
I will always keep you inside..
