Feels like I have always known you  
And I swear I dreamt about you,  
All those endless nights I was alone  
It's like I've spent forever searching  
Now I know that it was worth it.  
With you it feels like I am finally home.

Falling head over heels  
Thought I knew how it feels  
But with you it's like  
The first day of my life.

'Cause you leave me speechless  
When you talk to me.  
You leave me breathless  
The way you look at me.  
You manage to disarm me,  
My soul is shining through,  
Can't help but surrender  
My everything to you.

I thought I could resist you,  
I thought that I was strong.  
Somehow you were different  
From what I've known.  
I didn't see you coming,  
You took me by surprise and  
You stole my heart  
Before I could say "no".

Falling head over heels  
Thought I knew how it feels  
But with you it's like  
The first day of my life.

You leave me speechless  
When you talk to me.  
You leave me breathless  
The way you look at me.  
You manage to disarm me,  
My soul is shining through,

Can't help but surrender  
My everything to you.

You leave me speechless!  
The way you smile,  
The way you touch my face  
You leave me breathless!  
It's something that you do I can't explain  
I run a million miles  
Just to hear  
You say my name,  
Baby!

You leave me speechless.  
You leave me breathless  
The way you look at me.  
You manage to disarm me  
My soul is shining through.  
I can't help but surrender  
My everything to you.
