I watch you walk away
I didn't say the words
I wanted to say
Now I'm sitting all alone
Thinking bout the times
I had you here to hold

oh yeah

Giving you my reasons why
I feel this way when we
Say good bye

But I won't run around after you
And you know what you've found
And you know I'm in love with you
Everything changes when I see
Your smile
So stay a little while

I miss you even more today
Knowing that you're so far away
You tell me that you'll see me soon
But tell me just how long
I have to wait for you

oh yeah

Giving you my reasons why
I'm asking you to stay tonight

But I won't run around after you
And you know what you've found
And you know I'm in love with you
Everything changes when I see
Your smile
So stay a little while

And I wont run around after you
And you know what you've found
And you know I'm in love with you

Everything changes when I see
Your smile
So stay a little while

Stay a little while...
