Did I say something wrong  
Why are you mad at me  
Is it something you don't like about me  
Maybe it's the way I think

You go behind my back  
Telling all my friends that you hate the way I look  
You really cant stand me  
You try to bring me down when im reaching at my hair  
Do you really thing its worth it in the end

Without love Without love  
Without love Without love  
We're never gonna make it  
No We're never gonna make it  
No

If I met you face to face  
Maybe we could talk it out  
If you put yourself in my place  
Would you like it if I pulled you down

Show me who you are  
You don't even know me  
When I turn my back  
You always talk about me  
Pretending you don't hear me  
When I said it straight  
Make it more than clear that im the one you love to hate

Without love Without love  
Without love Without love  
We're never gonna make it  
No We're never gonna make it  
No no

How do you sleep at night  
When you know that he's alright  
Be careful what you say  
Gotta think before its too late

Without love Without love  
Without love Without love  
We're never gonna make it  
No We're never gonna make it  
No no  
No
