

## Verses, The "Horoscope"

Read my Horoscope and I hear that now it's time to fly  
From all my old life  
And my birth chart says this year  
Everything will become clear  
Man I hope that's right  
Oh and time ain't never been an easy thing for me  
It just flows and flows  
I don't feel it though  
And if I can't catch it will I be left scratching my poor  
head alone  
In the over grow

Time she ebbs and flows away  
Oh the wheel turns slowly round again  
Oh no no

So if like me you can't recall most of what has gone  
before  
And you were left to ponder  
As the memories pull away  
It's the sentiment that stays  
Stays with you longer  
And I don't mean to regress I just care less and less  
about the things that I  
That I used to  
Oh if this is progress I guess that I can accept that it  
might just be kinda useful

Time she ebbs and flows away  
Oh the wheel turns slowly round again  
You know time she ebbs and flows away  
Oh the wheel turns slowly round again  
Round again  
Around again he he

Ohohohohohohohohohohohohohhhhhhhhhh  
Ohohohohohohohohhhhhh  
Ohohohohohohohohohohohohohhhhhhhhhh

And in the end the ebb and flow hollows out the things  
we know

Sometimes I think of what we had  
With the stars in our eyes  
And our hearts in our hands  
Ut it ain't no good just longing for the past

You get only one heart but it's built to last

On holidays I'd lay awake

I was wishing I could get back home to you

And every night oh I'd dream the same

Dreaming of you lying there alone

Alone alone alone
