Did I let it go too easy  
Did I just cut and run away  
And my feet get so greasy  
They don't take a whole lot much these days  
This has always been my problem  
And it's gonna be my cross to bear  
And if I don't get through around it  
We dont have a hope in hell

Oh, oh don't be so, don't you be so sure  
That you, you would in and run too  
Of course you would, it's no good  
Running away is all our feet are good for

Didn't I, shiver in the springtime  
Didn't I holla, didn't I call  
I wasn't just going through the motions  
You truly had me enthralled  
And it goes without saying  
Still I'm saying it now  
I've got a problem with a maintaining  
Yeah I've got to learn to stick around

Oh, oh don't be so, don't you be so sure  
That you, you would in and run too  
Of course you would, it's no good  
Running away is all our feet are good for

It's time to let go  
i'm tired of this road

It's a mystery to my friends  
And it's a mystery to me  
Why when I'm onto a good thing  
I feel the need just to up and leave  
Well it's been nice to meet you boy  
And thanks for your time  
Maybe we could really make a go of it  
One day further down the line

Oh, oh don't be so, don't you be so sure

That you, you would in and run too  
Of course you would, it's no good  
Just running away  
Of course you would, it's no good  
Just running away  
Of course you would, it's no good  
Cause running away is all our feet are good for
