I'm trying to keep my feet on the ground  
I'm getting to like this feeling I've found  
I'm getting to love the thought of having you around  
And I will never let you down

Your friends were all well meaning  
When they said, no one is good enough for you  
They played with your emotions, dismiss the notion  
Do what you have to do  
'Cause people don't take chances with their hearts  
Since I met you I am past the hardest part  
So remember one thing, I will never let you down

I'm trying to keep my feet on the ground  
I'm getting to like this feeling I've found  
I'm getting to love the thought of having you around  
And I will never let you down

Sometimes you feel defeated  
But it's okay, you're not the only one  
And all the complications  
Bad situations happen to everyone  
Doesn't matter how it ended or began  
Sometimes the best that you can do is change your plan  
Hope you understand that I will never let you down

I'm trying to keep my feet on the ground  
I'm getting to like this feeling I've found  
I'm getting to love the thought of having you around  
And I will never let you down

I'm trying to keep my feet on the ground  
I'm getting to like this feeling I've found  
I'm getting to love the thought of having you around  
And I will never let you down

I'm trying to keep my feet on the ground  
I'm getting to like this feeling I've found  
I'm getting to love the thought of having you around  
And I will never let you down
