Through the remains I have been sorting
Seeking refuge underneath fluorescent skies
An apocalypse of pity
I know she is safe and building her disguise

Bracing for the scavengers
Who reign upon my humble domain
Fills my face with anger
Into permanent distortion

And I'm ugly getting over you
It's what you wanted, what you wanted
You're gorgeous running out of me
It's what you wanted, what you wanted
Ugly getting over you
I know that you're more beautiful by now

Everyday's survival lesson
Brings another scarring session to sustain
I anticipate a lesion
It's a chemical reaction to my pain

7,000 weathered faces
Hide my beautiful and buried smile
Sleeping seems to be the greatest medication

And I'm ugly getting over you
It's what you wanted, what you wanted
You're gorgeous running out of me
It's what you wanted, what you wanted
Ugly getting over you
I know that you're more beautiful by now

I'm switching channels, silly sitcoms are a metronome
One beat about a half an hour
And I will shun the radio
Because I hear my life in every song

Brushing off the bottle
I become a connoisseur for a night
Rake the dead grass from the bitter green

That's growing wild

And I'm ugly getting over you
It's what you wanted, what you wanted
You're gorgeous running out of me
It's what you wanted, what you wanted

Ugly getting over you
It's what you wanted, what you wanted
You're gorgeous running out of me
I know that you're more beautiful by now

Is what she wanted
Is what she wanted
Is what she wanted
