If you are all about money
And agree with your honey
This is as good as it gets
Got a big house in ..
Some .. cars
And neighborhood thinks that we are set
But they are just like you
Too blind to see that what matters
Is .. between you and me

Chorus

And if this was a highway
We were at the end
If this was a .. will be gone with the wind
If this was a boat i will be learning to swim
If this was a bus stop
This is where i get off

All this sand out of nowhere
I have been standing right here talking
You chose to ignore
Thought you will get to me after
You climb all your ..
I just can't wait anymore
I try to pretend that our love might be sane
Who am i kidding we came to a place

chorus

And if this was a highway
We were at the end
If this was a .. will be gone with the wind
If this was a boat i will be learning to swim
If this was a bus stop
This is where i get off

You say it's not fair tell me you care
Is too late to go there now

And if this was a highway

It will be dead end
If this was a .. will be gone with the wind
If this was a boat i will be learning to swim
If this was a bus stop
This is where i get off
If this was a river it would be running ...
If this was a bird it will know how to fly
If i was a fool you will get one more try
But i ain't got second thoughts
This is where i get off
This was abus i can stop
This is where i get off
Where i get off

Thanks to feel
