It's a freight train rolling down the track
When it's going you can't turn it
back
It's a whirlwind twistin' around
And you can't slow it down
Don't speak I know what's on your mind
Just kiss me leave it all behind
There's no use waiting
Or hesitating

[Chorus:]

Come on, come on, come on, come on baby
You got my heart you might as well take it
You're like a hurricane I get caught in
I'm on the edge already falling
What can I say, what can I do
I know, I know you're feeling it too
You drive me crazy
So come on, come on, come on, come on baby

Let go, look into my eyes
Baby let's get pulled into the tide
Cause we can't deny it
It's something so strong we're never
gonna fight it, yeah yeah

[Chorus:]

Come on, come on, come on, come on baby
You got my heart you might as well take it
You're like a hurricane I get caught in
I'm on the edge already falling
What can I say, what can I do
I know, I know you're feeling it too
You drive me crazy
So come on, come on, come on, come on baby

Take a risk, take a chance
Don't let it slip through your hands
Before you know it the moment's gone
So come on come on

[Chorus:]

Come on, come on, come on, come on baby

You got my heart you might as well take it

You're like a hurricane I get caught in

I'm on the edge already falling

What can I say, what can I do

I know I know you're feeling it too

You drive me crazy

So come on, come on, come on, come on!

What can I say, what can I do

I know I know you're feeling it too

You drive me crazy

So come on, come on, come on, come on baby
