Ah I can't see the air  
But I can still breathe  
I can't see God but I still believe  
I cant see the air  
But I can still breathe  
I can't see God but I still believe

Are you facing a storm  
Are you afraid you wont make it to shore  
Call on God He knows where you are  
Nothing takes Him by surprise  
He see's us everyday of our lives  
He cares more than we could ever know

Ah I cant see the air  
But I can still breathe  
I can't see God but I still believe  
I can't se the air  
But I can still breathe  
I can't see God but I still believe

I can't see God in heaven above  
But I am sure blessed by His love  
He knows everything about me and you  
Not even a sparrow falls from a tree  
Without God in heaven being able to see  
He loves you and me more than we could ever know

Ah I can't see the air  
But I can still breathe  
I can't see God but I still believe  
I can't see the air  
But I can still breathe  
I can't see God but I still believe
