"Deliver Me"

Right was when we felt so wrong.
Deliver me and I'll build you a storm.
Just a little wandering will suffice
To escape this idle solitude, simple false life.

What about the time, what about knowing the choice
was there all along?
Well I'm sure you knew.

There's one little safe harbor left to hide in.
Made up with blue skies and shined isles.
You'll find solace in their eyes and I won't ever lie.
Just don't drown, don't drown.

Well alright, I didn't jump when you called.
It makes no difference; I wouldn't listen to you at all.
When we're trading places we're letting our hands
slide.
There's nothing left to fight, the storms in your eyes.

What about the time, hid from the light.
What about the memories spelt in the mud?
Well I'm sure you knew.
What about saving face for the rest of us tied up in
simple stuff?
I'm sure you knew.

There's one little safe harbor left to hide in.
Made up with blue skies and shined isles.
You'll find solace in their eyes and I won't ever lie.
Just don't drown, don't drown.

Deliver me, deliver me, deliver me, deliver me, deliver
me, deliver...

There's one little safe harbor left to hide in.
Made up with blue skies and shined isles.
You'll find solace in their eyes and I won't ever lie.
Don't drown, don't drown.
Don't drown, don't drown.
Don't drown.
