Monday night when we set out for thieving  
Glue on the gloves you will never be found  
Touching the ugly when we're muddled  
Memories for the weak in the night hour

There's always nothing on  
Yeah I know that even the movies make you scared  
But it's all we know, all we know  
Still we go on and on and on and on  
It's all we know, all we know  
Still we go on and on and on

Drinking in hope that the sidewalk's still friendly  
There's nothing open and there's no-one around  
Touching the ugly when we're muddled  
Memories for the weak in the night hour

There's always nothing on  
Yeah I know that even the movies make you scared  
But it's all we know, all we know  
Still we go on and on and on and on  
It's all we know, all we know  
Still we go on and on and on and on and on and on and on  
on

Monday night, Monday night  
Monday night, fright night

I should never have left the warmth of this bed  
But it's always the same old boring night  
And this is all we know, all we know  
We go on and on and on and on  
On and on and on  
On and on and on and on and on

There's always nothing on  
There's always nothing on  
There's always nothing on  
There's always nothing on  
There's always nothing on  
There's always nothing on

It's all we know, all we know  
We go on and on  
It's all we know, all we know  
We go on and on and on and on...
