Yeah

Oh yeah?

I don't know

Can't believe it

There's not a day that goes by where I don't try to  
forget try to move on  
Like I didn't have any regrets  
I feel like I kept these memories of when I was content  
To remember Happier times  
times were better spent by your side  
wish you never left  
But maybe more  
I was born in '86  
and you were born in '84  
A little older but so much more mature  
You help me grow but now you're gone  
And so I morne  
You told me that the rain falls  
But stay sure that the sun shines  
After the storm  
Wanted to stay yours  
Wanted you to be mine  
We could be blind together  
'Cause that's what love is  
I still picture you cryin'  
I never settle down  
Although I was tryin'  
I'm still so young and needed more time  
I saw you leaving me  
but I didn't see the signs  
That scene so fresh in my mind  
And never was  
baby girl I hope you find what you're looking for

I miss you  
Just that I'm feeling depressed  
You deserve better

I'm the reason you left  
Because I found comfort on another woman's body  
It was a dumb mistake  
Even dumber 'cause you saw me  
And even after I assured you it wouldn't happen  
And it did  
I slid  
I got bruised ribs  
Practically a man  
Why do I act like a kid  
In the crib chillin'  
Now I'm staring at the ceiling  
and I'm so sure that it wouldn't be different  
If I was willin' to be a man about it  
now I got an empty feeling  
It took me too long to find the answers aside  
I only knew it after the tears ran out your eyes  
Out of the many precious stone you're the only gem I'm  
missin'  
Not like I ever listen  
But now i'm remeniscin  
Of what I lost forever  
And how I was wrong  
I never knew how much you meant to me till you were  
gone  
baby girl you know what's going on

Now we never  
see weather  
be together  
even dream together  
see the better side of life  
this is why I write right  
we knew this was passion  
my mission  
so when I had something on my mind you would listen  
I miss you 'cause you listen  
I was misunderstood  
I would give you the world  
But you left before I could  
But now I'm going to move on  
I know you would have done the same  
I learned from past mistakes  
I'm hoping I can change  
Because of you I came through a change  
For the better instead the worst  
never had a chance to thank you  
First I walk away  
Then Wipe my mind clear  
Cherish the good times while I'm here  
Girl I never meant you harm

Please forgive me  
Remeber holding my hand  
Hoping that you miss me  
I messed up my chance  
sitting in my chair  
Take care  
Of a much better place  
I wish you were there  
Blow Kiss a in the air  
And say your prayer

Yeah
