Some people stare
Some people moan
Some people draw his eyes
Some people walk on by
But he don't really mind

Don't let me down
And I won't let you down

If you jump, I'll be there for you
And when you fall, I'm falling down under you
And I will try to live my life as you do

Don let me down
And I won't let you down
Don't let me down
And I won't let you down

Some people scare
Some people know
Some people walk on by
Some people stand in line
But he don't really mind

Don't let me down
And I won't let you down

If you jump, I'll be there for you
And when you fall, I'm falling down under you
And I will try to live my life as you do

Don't let me down
And I won't let you down
Don't let me down
And I won't let you down

Some people draw his eyes
Some people stand in line
But he don't really mind

If you jump, I'll be there for you

And when you fall, I'm falling down under you
And I will try to live my life as you do

Don't let me down
And I won't let you down
Don't let me down
And I won't let you down
