Learning to learn, make way within. I call you out, and
you call out the sin. My face erased, now sanctified,
retire early and watch sunsets from your sky
'Cause this place is burning up on me
and as far as I can see, I cant see a thing
I'm earning keep. Crashing down on my knees
face to face with the war for (inner) peace

Stand on your feet for me.I've seen the signs a million
ways. You gave your love to me,
you dripped your blood to see. I feel the light in all the
pain
although its hard to breath, you've got me seeing
things.

(pre-chorus to chorus)I was lost and now I found my
way.
