Losing my balance, pouring out all I had for you  
so much time was spent on finding that single way to  
get through  
yeah ,you had me, but you didn't seem to care  
you're killing me..hey don't you see me here?  
Well I sit here so locked up in your world  
maybe I should find another girl(?)  
well I've walked more than eggshells over you

and yet still I don't know exactly what to do  
so I remain a drifter  
Smiles they come and go, unlike the drama between us  
we're two souls I know, but that doesn't mean you had  
to dent our trust..  
yeah, you had me, but you didn't seem to care  
you're killing me...hey don't you see me here?!
