Saying your name days pass away
calling your name I don't give up
cause you'll hear me someday
I see your gleam
you're looking in me
you are that dream
stop floating away
and stay with me
how many years do I have to put in you
tell me the song to sing to get in you
she's searching for some sort of heaven to lay unto
Ill keep praying I'm her way
Let down that guard, its not that hard
allow me in your heart

pour yourself and bloom for me
under a glass case rests your gorgeous face
I only want one taste
fall unto me and we'll fall onto grace
how do I get that storm out of you
tell me will this song help you to see the truth?
she's looking for some sort of heaven to fall onto
ill keep praying I'm her way
ill keep praying I'm her way
ill keep praying I'm her way
I'm your way.
