Hello Marie, how are you doing, and when can we get things right

-where I want them, I drool to you at my expense
fuck, I want to touch you, Inside the night inside your mind

But for real, I've got you locked down in my sights
Id kill-to be the one that takes you way out to sea
Id kill-oh can you feel this breeze?

What do wanters want?

how bout all they can taste

and they do, what they do

because I dont know what I know

And Ive gotta know, Are you still coming with me
to that place, where we run around in open space

Id kill-to be the one that takes you way out to sea

Id kill-to have you not seem quite like you seem

Id kill-to be the one that takes you way out to sea

Id kill-aaahhhh, stop ignoring me!!!

Ill blame you till the end...Ill find you there, and you'll

listen to me..i just want to talk to you..i just want to talk
