I'm shutting down(8x)

I've got more then I could ever give
I've got reasons I can not live with
Open, follow, -I'm your leader now
Blame me but don't save me
I'm dross and running out (my domain)

They contacted me, "X" marks the spot where they
beat me inside
Falling inline, I pull my tail between my legs

Pick up the pieces, To fall back in pieces (hot room)
I need a vacation

I've got more than I could ever give
I've got reasons I can not live with
Dollar bills flow
Spilling out my brains
Not this, I don't want this You can have your bloody
champagne!!!!(capital gain)
