Verse 1:

Light another joint, you're just the wheezer
Wear the mini skirt, and you look like a teaser
Have another drink cause I think I'm leaving
I don't understand the pain that I'm feeling

Pre Chorus 1:

Everybody's saying they've all got their reasons
Sometimes people tell you it's what they believe in
How come everyday I feel like the pleaser?
All of this just can't be right

Chorus:

I'm living a lie
While they're living their lives
So I'm blurring the line
And I'm rolling the dice!

Verse 2:

Take another drag, and you're caught up in the sleazing
Sitting in a class that the whole world is teaching
How to live with purpose and don't have a reason
How can I have faith when I don't even believe it?

Pre Chorus 2:

Never hold on to the things that will leave you
This is gonna pass us before we even see it
Living life is something that we all agree with
But you don't have to give in tonight

Chorus:

I'm living a lie
While they're living their lives
So I'm blurring the line
And I'm rolling the dice!

Bridge

Chorus:

I'm living a lie

While they're living their lives
So I'm blurring the line
And I'm rolling the dice!
