I, I thought a lot about you  
About what you mean to me  
And where I'll be  
A couple of years from now

I think I got my head straight  
And now I know for sure  
I want to know you more  
I, I'm so happy yet so sad  
'Cause I miss you oh so bad

I'm staring at your photograph  
Yeah, the one you'd like to cut in half  
Of all my thoughts I thought about you  
And all the things I said were true  
Well, I need you

I've tried, I've failed, I've made mistakes  
I know I've got what it takes  
See that it's there, you tell you  
I know I've got what it takes

I, I thought a lot about you  
About what you mean to me  
And where I'll be  
A couple of years from now

I think I got my head straight  
And now I know for sure  
I want to know you more

I've tried, I've failed, I've made mistakes  
I know I've got what it takes  
See that it's through, you tell you  
I know I've got what it takes

I, I'm so happy yet so sad  
'Cause I miss you, oh, so bad  
I'm staring at your photograph  
Yeah, the one you'd like to cut in half

Of all my thoughts I thought about you

And all the things I said were true  
Well, I need you

I've tried, I've failed, I've made mistakes  
I know I've got what it takes  
See that it's through, you tell you  
And I know I've got what it takes
