Step up to the forefront
Lifes a warfront
Called a fight for soul
March on with a heart strong
Let conviction hold it's own
They try to sink their teeth in
Drain your soul and clip your wings
This brings confrontation
Man your station

Cut their strings
Your last chance for redemption slips right through
your hands
Trivialized by vision and the passing of sand
It's been a long road nowhere and i've seen it all
I'll just keep on pushing forward unti i fall
Step up
