We're right back here again  
Crawling Around in this mess we started  
Put it all together just to pull it all apart  
Thinking that we are clever  
But we are never that smart  
And nothing should ever have to be this hard  
And I'm just waking up

Now I'm on my way  
I'm on my way  
I'm on my way  
I'm on my way  
I don't know where  
I don't even care cuz I'm on my way

You're thinking that I might save you  
I'm thinking that we both might drown  
You're lighter than a feather  
But you're sinking like a stone  
Both of us together would be better off alone  
And nothing should ever have to be this hard  
And I'm just waking up

Now I'm on my way  
I'm on my way  
I'm on my way  
I'm on my way  
I don't know where  
I don't even care cuz I'm on my way

We're running in circles  
We're running out of breath
