If there's love out there give it to me & help believe in
unity

People of all races & ages won't you feel me

I want to extend to you my friend the new trend

There will be no strings attached to make the match
just the real me

[Chorus: x3]

It's one love

All around, all around the world

I want our voice to ring & ring with harmony

Never let a battle no destroy our family

We should embrace every race as a nation

There will be no strings attached to make the match it's
a relation

[Chorus]

If we live together in society

Divide if you wanna see catastrophe

God made everybody equal

Nobody's more special

[repeat]

[Rap 1:]

Been around the world & I I stay fly

Still manage to see things through my God's eye

Like Mariah I'm shakin' off the haters

[?] we suppost to love our neighbors

Thurn the other cheek quick to hear slow to speak

Slow to learn lesson learned you do the math

It's one love baby

And that's the truth baby

Let's come together & do what it do baby

[Rap 2:]

Pack it up baby it's time to make somethin' happen

But the happen can't be a solo project

Look to right

Look to the left

If the only that's being blessed is you you in the flesh

Jump around
Help a brother out pick a sister up
Call your mom & send your pop a couple of bucks
Exchange for the money money help
Baby stash for yourself then you help somebody out

[Chorus]
