[Intro] Can I have your attention please [x5]

[Verse 1] Gone everyday, each and every way Everybody doing there own thing Busy here and there, picture everywhere Society got you struggling Slow down Pause freeze don't stop Don't care About the ice you got Get a world and lose your soul Better then just lose control

[Hook] Get it straight don't wait it might be to late Don't you want to go to the streets that are paint with gold This is the day don't wait it might be to late Don't you wait tomorrow not promise today

[Chorus] Take a second to listen He's trying get you Get your total attention Did I forget to mention He's coming real soon better pay attention [x2]

[Verse2] No more dying, no more crying None of that when we get there He loves you He died for you The least you can do is care Listen here To the words I say Change here Change your life today It's something you won't regret He's Never Failed Me Yet

[Hook] Get it straight don't wait it might be to late Don't you want to go to the streets that are paint with gold This is the day don't wait it might be to late Don't you wait tomorrow ain't promise today

[Chorus] Take a second to listen He's trying get you Get your total attention Did I forget to mention He's coming real soon better pay attention [x2]
