I would tell myself it wasn't there...

Verse1

My money was funny
And my mind was weary
It was gone I was lonely
And empty inside

CHORUS

But you got me through
(But you got me through it)
Through the rain, through the storm
(But you got me through it)
Through the cold kept me warm
(But you got me through it)
Got me through all the hurt
(But you got me through it)
But the comfort was in your word

OhooAhahooooooooahh,
Though I walk through the valley of the shadow,
I will fear no evil (x2)

Verse 2

My honey was running
From me when I needed it
They were gone, they left me
To bare it alone

CHORUS x2

But you got me through
(But you got me through it)
Through the rain, through the storm
(But you got me through it)
Through the cold kept me warm
(But you got me through it)
Through the pain and the hurt
(But you got me through it)
But the comfort was in your word

OhooAhahooooooooah,
Though I walk through the valley of the shadow
I will fear no evil (x2)

You got me (x7)
You got me through it got me through it
You got me (x4)

CHORUS(x2)

OhooAhahooooooooah(x4)
