Right, right, deluminate the lights  
We're going to some fight evil tonight  
What's that spell oh!  
I love to fly my broom  
down on the pitch what me go zoom  
Where's my wand and owl

Horcrux crasher, muggle snatchers  
don't come near if your death eater  
Don't be scary, just be harry  
Why so serious?

So raise your wand, say all those spells  
In all the right ways, let's kill the dark lord  
We will never be, never be anything like crouch  
right here at hogwarts  
dirty little rat  
Won't you come on and come on and  
Raise your wand!  
Just come on and come on and  
Raise your wand!

ow,ow that's my scar  
What part of quiddidich don't you understand?  
Wish you'd just disapperate  
(Freak out already)  
Potions,charms then dark arts  
This is where the final battle starts  
It's so on right now

Horcruz crasher, muggle snatcher  
don't come near if your a death eater  
Don't be scary, just be harry  
Why so serious?

So raise your wand, say all those spells  
In all the right ways, let's kill the dark lord  
We will never be, never be anything like crouch  
right here at hogwarts,  
dirty little filch  
Won't you come on and come on and

Raise your cat!  
Just come on and come on and  
Raise your rat!  
Won't you come on and come on and  
Raise your hat!  
Just come on and come on and  
Raise your wand!

Bloody Hell! My wand Harry!  
That sucks!

So if you're a gryffindor  
(I mean)  
You're the best out of four  
(You are the best by far)  
You can choose to let it go  
We can always, we can always go on on our own

So raise your (merlin's beard)  
So raise your wand, say all those spell  
In all the right ways, lets kill the dark lord  
We will never be, never be anything but crouch  
right here at hogwarts,  
dirty little filch

So raise your wand, say all those spells  
In all the right ways, let's kill the dark lord  
We will never be, never be anything like crouch  
right here at hogwarts,  
dirty little filch  
Won't you come on and come on and  
Raise your cat!  
Just come on and come on and  
Raise your wand!  
Won't you come on and come on and  
Raise your wand for me!  
Just come on and come on and  
Raise your wand for doobby!
