Where did our culture went?  
Answer me !  
Where's our culture?  
Answer me, you fuckin scum !

Writing on the walls of our society  
Killing every legend left to hear  
Changing lifestyles with your dirty beats  
But they wont take away our legacy

Where did our culture went?  
Answer me !  
Where's our culture?  
Answer me, you fucking scum !

People's staring blind to new inventions  
Lies within the screen fed recreation  
City's breaking down with this ruined culture  
Gotta find a new way to trap this vultures

¿Dónde fue nuestra cultura?  
¡Responde!  
¿Dónde está nuestra cultura?  
¡Responde flaite conchetumare!

Put them in a cage somebody said  
And they wont escape to sin again  
But we aren't safe if we been led  
By the same murderers of human race

Where's our culture?  
Answer me, you fucking scum !
