We're right back here again
Crawling Around in this mess we started
Put it all together just to pull it all apart
Thinking that we are clever
But we are never that smart
And nothing should ever have to be this hard
And I'm just waking up

Now I'm on my way
I'm on my way
I'm on my way
I'm on my way
I don't know where
I don't even care cuz I'm on my way

You're thinking that I might save you

I'm thinking that we both might drown
You're lighter than a feather
But you're sinking like a stone
Both of us together would be better off alone
And nothing should ever have to be this hard
And I'm just waking up

Now I'm on my way
I'm on my way
I'm on my way
I'm on my way
I don't know where
I don't even care cuz I'm on my way

We're running in circles
We're running out of breath
