lost and alone
but I still keep proceeding on
with no sense of time
I dont even know where Im going

I begin to get breathless
and my heart it keeps beating faster
I know I just cant take this
how much longer now

Im getting ready, Im getting ready to explode
spark out the fire
light up the fuse Im letting go
Im getting ready, Im getting ready to explode
dont hold me down now
Im just about to overload

times running out
feel like Im walking upon a wire
headed to the edge
and Im starting to lose my mind

I begin to get breathless
and my heart keeps beating faster
I know I cant take this
how much longer now

Im getting ready, Im getting ready to explode
spark out the fire
light up the fuse im letting go
Im getting ready, Im getting ready to explode
dont hold me down now
Im just about to overload
