It was a bad day to end my life
And I never saw the end in sight
So why today
And I never said I'm sorry to my best friend for that
fight
And I never kissed my mom goodbye
It's not supposed to be that way

Did I always do whats right and...

I could have used a little more time
To maybe get some piece of mind
Now it's just to late
And nothing can save me now
It's the end of my line
And I wish I had a way to find
How to twist my fate
And nothing can save me now

It was just one day that I thought that I
Would go for a little drive
Just one day
And I didn't know the car would slide
Or about the truck on the other side
Or how he had no brakes

Did I ever say I never ?

And I could have used a little more time
To maybe get some piece of mind
Now it's just to late
And nothing can save me now
It's the end of my life
And I wish I had a way to find
How to twist my fate
And nothing can save me now

And I could have used a little more time
To maybe get some piece of mind
Now it's just to late
And nothing can save me now

It's the end of my life
And I wish I had a way to find
How to twist my fate
And nothing can save me now
Nothing can save me now
Nothing can save me now
Nothing can save me now !
