Four years sober a little bit older she's had enough  
He's never home and she's always alone and out of trust  
She can't find any trace of what she lost in his eyes  
And It's either hit or miss  
Between all his lies

So tonight she'll finally make him choose  
From her point of view:

Cause It's come down to me or the strippers and the whiskey now  
Please leave  
I can't compete with dirty women and martini's can I ?

Woke up ringing  
His head spinning  
On the cold of the bed  
Trying to replay what all he did last night and exactly what she said

It's when he saw her side of the closet that he knew:  
He'd seen her point of view

Cause It's come down to me or the strippers and the whiskey now  
Please leave  
I can't compete with dirty women and martini's no  
Try and teach me  
Break me, take me, why do you berate me ?  
Cross my heart I hope I die  
Cause she never knows:  
Is he Jekyll is he Mr. Hyde

In her mind he's dead again  
Because he did exactly what she said

It's come down to me or the strippers and the whiskey now  
Because I can't compete with dirty women and martini's can I ?

Try and teach me

It's come down to me or the strippers and the whiskey  
now  
Please leave  
I can't compete with dirty women and martini's no  
Try and teach me

Break me, replace me, how'd I make you hate me ?  
Stick a needle in my eye  
Cause she never knows:  
Just who he'll be tonight
