Oh swallow  
What did you swallow?  
You swoop so low  
You come and you go

You flew right in from that ship on the sea  
Pirate sails on the wind coming for me

You wooed me, pursued me  
You hooked me, you booked me  
I signed up my name  
Said I'll be your game

You got me, arrow shot me  
Now come connect the dot me  
And if you don't want it  
then free me, I will flee

Oh swallow  
What did you swallow?  
You swoop so low  
You come and you go

Something, something  
You think you got something  
Something to show  
For all that hellbent letting go

I got me a handful  
A handful of pebbles  
One ball of light  
One shining flight

You glide on the air  
You swivel and turn  
Fast beating heart  
What do I gotta learn?

Oh swallow  
What did you swallow?  
You swoop so low

You come and you go
