I hear calypso
Hot drink and tusco
You look so yellow
Am I so mellow
Hey don't play cello, you look so yellow
Am I so mellow, hey don't play cello
Who are yellow, hey don't play cello
Because;
I want you
Want you all my own
And I kiss you, kiss you in my room
And I ask you, ask you night and noon
Don't say i'm cold or I stay alone
Or I stay alone
I don't need a tattoo

And I like potatoes
Rough meat and honey
Don't ask your mammy
If need some money
You better start running
Rough meat and honey
Don't ask your mammy
Who are dummy
Because;
I want you
Want you all my own
And I kiss you, kiss you in my room
And I ask you, ask you night and noon
Don't say i'm cold or I stay alone
Or I stay alone
