I was walking

A wheel was running

I was freezing

Well my heart was steaming

I was bleeding

She was speeding

I was bleeding

She was just speeding

It was kinda fearing

To start interfearing

Hightspeed rolling

Keep on going

Hightspeed rolling

Lowspeed rolling

Yellow cap is closing

From downhill city with love

From downhill city with love

In a downhill city with the ugly boots

On iÄ´m walking

And I hear those things

Oo they all sound so lovely

Co' s I see what I wanna see

I don't even think i'm lonely

In a downhill city

It's never raining

Faith is the key

The key was lost

Feels like a falling

Downhill is calling

Faith is the key

The key is back

She with me

We fly high

Above the dirt

And high houses

I was walking

A wheel was running

I was freezing

Well my heart was steaming

From downhill city with love

From downhill city with love

In a downhill city with the ugly boots

On i'm walking

And I hear those things

Oo they all sound so lovely

Co' s I see what I wanna see

I don't even think i'm lonely

In a downhill city

It's never raining
